Team Selection

2020 - 2021 DIGS Season

Below are the players (identified by participation number) that were selected to be part of one of our DIGS Teams. A player has the right to accept or turn down the offer. If a player has turned down the offer the next player on the team wait list will be notified and added to the team selection list.

As each team selection is completed, the column will be highlighted in Green indicating that all players have accepted the team invitation and that team's roster is final.
